Forecast for Sunday 14 May 2023

Weather: Cloudy with occasional rain at first, some heavy and turning to snow above around 1200m late morning, before clearing to brighter spells and only a scattering of light showers in early afternoon. Showers continuing through the rest of the day, building a little during the evening, with snow level edging down to 700m.

Chance of cloud-free hill tops above 800m: 10-20% becoming 80-90% from around midday.

Low Cloud and visibility: Good or very good becoming moderate or poor in rain, very poor in snow and within cloud with bases extensive from 600m early, then infrequently so later, mainly as showers push through.
